

Sustainability of the Community		Notes from the Helping Hands Community Forum 24 March 2024	
idea for Korumburra		Comments	
V line stop		Improve shelter - winter protection Locate better parking - lighting, safe zone	
Seedbank		Link with the Leongatha seed bank The market has the capacity to be a sale/available point	
Waste		Reduce plastic waste - no plastic decorations, plastic free shows/events Plastic free supermarkets - paper bags Policy for plastic free supermarkets Look into Hamilton Group (sustainable plastic solutions) to implement similar ideas - Connect with Landcare Groups	
Public & Social Housing		Old Milpara House used as housing for Women over 65s - created using economic & sustainbale approaches Look at diversity of building stock in Korumburra - pre fab homes and have them delivered Lower space down the bottom of Coal Creek - turn into temporary accomodaiton, creast income for Shire	
Workshops/demos of veg/fruit growing		Hospital Garden expertise + Grow Lightly expertise + Milpara Food bank	
Energy efficient housing		Promotion, telling personal stories (makes relatable) Burra Flyer Local newspapers Newsletters social media Share with Council - in the know	
Emergency Management		Establish - Emergency preparedness safe point - Creat Community Emergency Management Plan Grow Lightly - prepared to be the hub - Energy co-op would like to support - include Starlink for internet Communications Individual Preparedness - know your neighbour - Rediplan - Emergency Management Plan - SGSC website Co-ordinate Emergency response - with lead agency or volunteers Buddy systems/telephone trees Emergency resources page on the Korumburra Community Website ie tools, chainsaw, starlink, generators, trailers, horse floats to move animals, tractors EVs
